3. Learning and development

In partnership with parents, each school will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Early years foundation stage statutory framework'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

Prime areas – defined as the areas that are particularly important for building a curiosity and enthusiasm for learning, forming relationships, and thriving:

- Communication and language
- Physical development
- Personal, social, and emotional development

Specific areas – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

Each school will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.
- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring they are ready to benefit from the opportunities available to them when they begin Year 1.

When organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring
- Active learning
- Creating and thinking critically

All staff members will have due regard to the learning and development requirements as set out in the school's Early Years Teaching and Learning Policy.

Each child will be assigned a key person who will help to ensure their learning and care is tailored to meet their individual needs.

4. Assessment

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with statutory requirements, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Progress check at age two – a short written summary of children's development in the prime areas.
- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception.
- The EYFS Profile – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

5. Inclusion

All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Pupil Equality, Equity, Diversity and Inclusion Policy will ensure that the needs of all children are met, regardless of any protected characteristics they have.

The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

The Special Educational Needs and Disabilities (SEND) Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

6. The learning environment

Each school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas.

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

7. Safeguarding and welfare

Each school will take all necessary steps to keep children safe and well and comply with the requirements of the 'Statutory framework for the early years foundation stage' to:

- Safeguard children.

- Ensure the suitability of adults who have contact with children.
- Promote good health.
- Support and understand behaviour.
- Maintain records, policies, and procedures.

Child protection

Staff will be alert to any issues of concern in the child's life at home or elsewhere. Any safeguarding or welfare issues will be dealt with in line with the Child Protection and Safeguarding Policy, and all members of staff in the EYFS will be required to read this policy as part of their induction training.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSL will undertake the duties of the DSL in their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect.

All practitioners will complete safeguarding training that meets the criteria in Annex C of the current EYFS statutory framework. The DSL will complete training consistent with Annex C, provide ongoing support, advice and guidance, and safeguarding training will be renewed at least every two years. The school will consider annual refresher training where needed.

The school's safeguarding procedures will explain the action to take about concerns for a child; allegations or low-level concerns about adults; the use of mobile phones, cameras and devices with imaging or sharing capability; safer recruitment and suitability checks; and how safeguarding training is delivered and put into practice.

All staff, students and volunteers will be made aware of the Trust's whistleblowing procedures, how to raise concerns about poor or unsafe practice, and the external routes available where a concern cannot be raised internally or is not being addressed.

Where there are concerns about a child's safety or welfare the school will:

- Immediately notify the LA's children's social care team and, in emergencies, the police.
- Have regard to the DfE's statutory guidance 'Working Together to Safeguard Children', the 'Prevent duty for England and Wales' and 'KCSIE'.
- Inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, or looking after children at the premises and the action they have taken in response to the allegations. Notification will be made as soon as is reasonably practicable, but in any event within 14 days of the allegations being made.
- Follow up child absences promptly. Where a child is absent without notification or for a prolonged period, the school will contact parents or carers and alternative emergency contacts, consider

patterns, trends, vulnerabilities and family circumstances, and refer concerns to children's social care and/or request a police welfare check where appropriate.

- Maintain and share with parents or carers an attendance policy setting out how absences must be reported and the action the school will take when a child is absent without notification or for a prolonged period.

8. Staffing

Suitable people

The school will:

- Ensure that people looking after children are suitable, have the relevant qualifications, training and have passed any required checks to fulfil their roles. This also applies to any person who may have regular contact with children.
- Take appropriate steps to verify qualifications, including in cases where physical evidence cannot be produced.
- Obtain at least one written reference for every prospective member of staff, student and volunteer before recruitment. Each school will:

- Keep children safe on outings.
- Assess the risks or hazards which may arise and identify the steps to be taken to remove, minimise and manage them. Providers should make a judgement about whether the risk assessment needs to be in writing or not.
- Ensure that adult to child ratios are considered in any risk assessment.
- Ensure that vehicles in which children are being transported, and the driver of those vehicles, are adequately insured.

The Health and Safety Policy outlines the full health and safety policies and procedures.

Each school will have a Fire Safety Policy in place.

11. Mobile phones and devices

For the purposes of this policy, the term **"mobile phone"** refers to any electronic device that can be used to take images or record videos, including tablets.

Photography policies and procedures are addressed in full in our Photography and Images Policy.

Use of personal mobile phones by staff members

Staff members will not use personal mobile phones or cameras when children are present. Staff may use mobile phones on school premises outside of working hours when no children are present. Staff may use mobile phones in the staffroom during breaks and non-contact time. Mobile phones will be safely stored and in silent mode whilst children are present.

Staff may take mobile phones on trips, but they will only be used in emergencies and should not be used when children are present. Mobile phones will not be used to take images or videos at any time during trips.

Staff who do not adhere to this policy will face disciplinary action. Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Staff may use their professional judgement in emergency situations.

Use of mobile phones by parents, visitors and contractors

Posters will be used around the school to indicate that it is a mobile free zone.

Parents, visitors and contractors will not be permitted to take photographs or record videos without prior permission. Parents may take photographs and videos only containing their own child during school events.

Parents may take group photographs at school events but only with the informed consent of the parents of the children involved.

The Trust strongly advises against the publication of any photographs or videos taken at the school or school events on social media. Staff will report all concerns about parents, visitors and contractors to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

Use of the school's mobile phones and cameras

Staff will be provided with a school device to ensure that only school devices are used to take photographs and videos. School devices will have passcode protection.

School devices will only be used for work related matters, e.g. recording and documenting a child's learning. School devices will only be used to take photographs in the presence of another staff member and only with the consent of the child's parent.

Staff will not take photographs of bruising or injuries for child protection reasons. Instead, recording concerns forms and body maps will be used to record observations relating to child protection concerns – these can be acquired from the DSL.

School devices will not be taken off school premises without prior written permission from the headteacher. Where staff members have concerns over material on a school device, they will report all concerns to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

12. Information and records

Information will be stored in line with the UK GDPR and the Data Protection Act 2018, and with regard to the school's Data Protection Policy.

The school will:

- Maintain records and obtain and share information, as appropriate, to ensure the safe and efficient management of the setting and ensure the needs of all children are met.
- Enable a regular two-way flow of information with parents and between providers in cases where more than one setting is attended.
- Consider incorporating parents' comments into children's records, if requested.
- Ensure that records are easily accessible and available.
- Ensure that confidential information and records about staff and children are held securely and only accessible and available to those with the right or professional need.
- Be aware of their responsibilities under data protection legislation and, where relevant, the Freedom of Information Act 2000.
- Ensure that staff understand their responsibility to protect and respect the privacy of children and the legal requirements requiring confidentiality of information and records.
- Allow parents access to all records about their child, in accordance with the Data Protection Act 2018.

- Retain records relating to individual children for a reasonable amount of time after they have left the setting.

The following information about the school will be recorded:

- The school's name, address and telephone number
- The school's certificate of registration
- The name, address and telephone number of anyone who will regularly be in unsupervised contact with the children
- A daily record of the names of the children being cared for in the school, their hours of attendance, and the names of each child's key person

Information about the child

The following information will be recorded for each child:

- The child's full name and date of birth
- The name and address of every parent or carer who is known to the school, including information about all persons who have parental responsibility for the child and which parent the child normally lives with.
- Emergency contact details for parents or carers and at least one alternative emergency contact, with details checked and updated regularly.

Information for parents and carers

The following information will be made available to parents:

- The school's privacy notice for parents and children
- How the school delivers the EYFS and how parents can access more information

- Any significant event which is likely to affect the suitability of the school or any person who cares for, or is in regular contact with, children to look after children

13. Parental involvement

We firmly believe that the EYFS cannot function without the enduring support of parents.

Parents will receive information regarding their child's development termly. This could be through telephone, face to face or through a written report, however, each school has an open-door policy and parents are welcome to talk to teachers at the start and end of the school day.

Parents will be asked to sign permission slips for any visits out of school, use of photographs of their child and using the internet at school.

Parents will be asked to complete admission forms, a medical form and to write a brief synopsis about their child to help the school to understand their character and personality.

14. Transition

Each school will have procedures for transition for each stage e.g. on entry to a setting or leaving a setting.

Transition into nursery

Parents who have expressed an interest in the nursery will be invited to attend a series of pre-meet sessions. The school may also arrange individual visits, subject to appointment.

The early years lead will visit local pre-schools to meet the children due to join the nursery and liaises with the pre-school managers.

The early years lead will also contact previous settings to share learning records and obtain information about children, particularly those with SEND.

Children who are set to attend the nursery will be invited for settling in sessions with their parents, in addition to other organised play sessions, during the term before they are due to start.

Practitioners will support both parents and children where possible to help ease the separation anxiety that can often occur.

Areas will be made available for parents to meet and interact with practitioners, each other and their children as they enter the nursery.

For the first two weeks of the first term, the key practitioners will set aside time to spend with children in small groups.

Transition into Reception

Each school will have a transition procedure to ensure children transfer from Nursery to Reception confidently.

Prior to the children entering Reception:

- The nursery practitioners will complete assessments on each child based on the early years outcomes and provide these to the Reception staff.
- Parents will be invited to attend an information session with the headteacher and an information evening with their child's Reception class teacher.

During the first term of reception:

- Children will undertake the Reception Baseline Assessment (RBA) within the first six weeks of entering Reception. Children will not be required to prepare for the assessment and, in most cases, children should not be aware that they are being assessed. Children with SEND or EAL will be included in the assessment. The RBA will not be used as a formative or diagnostic assessment.
- A parents' evening will be held to provide parents with information about the curriculum and give them the opportunity to reflect on the transition process, as well as address any questions or concerns.

Throughout the year, parents will be encouraged to share any information, concerns or successes with staff.

Transition into KS1

Each school will have a transition procedure to ensure children transfer from Reception to Year 1 confidently.

The EYFS profile will be completed for each child and submitted to the LA.

The EYFS profile will provide an outline of each child's progress, assessed against the ELGs and their readiness for Year 1.

For each ELG, teachers will judge whether a child is:

- Meeting the level of development expected at the end of the EYFS – expected.
- Not yet reaching this level – emerging.

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Learning journals, phonics assessments, examples of writing, parent consultation records and suggested pupil groupings will be passed on from the Reception teacher to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of 'emerging' for one or more ELGs.

15. Monitoring and review

This policy will be reviewed by the Trust Board at least annually and sooner where statutory requirements or guidance change.

Any changes made to this policy will be communicated to Local Governing Bodies, Headteachers and all relevant stakeholders.

All members of staff directly involved with the EYFS will be required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction.
